Г-ну Мачерет Алексею

Уважаемый г-н Мачерет,

В ответ на Ваши обращения №1295862 от 28.07.26, № 1296790 от 31.07.26, №7079 от 06.08.26 и №7080 от 06.08.26 а также изложенные в них требования относительно предполагаемых несанкционированных операций по Вашим счетам и банковским картам сообщаем следующее.

Банком проведена проверка изложенных Вами обстоятельств на основании информации и данных, имеющихся в распоряжении Банка.

По результатам проверки установлено, что на дату подготовки настоящего ответа ограничения (блокировки) по указанному Вашему текущему счету отсутствуют.

Также Банком проверена информация относительно суммы 25.210.256,15 MDL, указанной в Ваших обращениях. В результате анализа движения денежных средств по Вашим счетам операция по списанию либо переводу указанной суммы не установлена. Таким образом, имеющиеся в распоряжении Банка данные не подтверждают факт списания либо перевода денежных средств в размере 25.210.256,15 MDL.

В подтверждение результатов проведенной проверки к настоящему ответу прилагаются выписки по соответствующим счетам, отражающие движение денежных средств за проверенный период.

Отдельно Банком проанализировано представленное Вами изображение экрана мобильного устройства, на котором, по Вашему утверждению, отображается информация из приложения FinComPay о наличии денежных средств в размере 25.210.256,15 MDL.

По результатам проверки установлено, что сведения, отображенные на представленном изображении, не соответствуют данным информационных систем Банка и установленной хронологии выпуска соответствующей платежной карты. В частности, согласно имеющимся в Банке данным, платежная карта со сроком действия 04/30 не могла отображаться в приложении FinComPay по состоянию на 03.04.2026, поскольку заявление на выпуск соответствующей карты было оформлено 06.04.2026, а ее активация произведена 08.04.2026. При оформлении заявления на перевыпуск карты в качестве причины была указана утеря/кража.

Кроме того, проведенной Банком проверкой движения денежных средств по счетам не подтверждается наличие либо последующее списание заявленной Вами суммы 25.210.256,15 MDL. Ограничение (блокировки) в отношении указанной суммы Банком также не устанавливались.

Таким образом, предоставленное изображение экрана само по себе не подтверждает наличие на счете указанной суммы, ее блокировку либо последующее списание, поскольку содержащаяся на нем информация не соответствует данным банковских учетных систем и установленной хронологии выпуска и активации соответствующей карты. При определении фактического состояния счета и совершенных по нему операций Банк основывается на данных

своих учетных и информационных систем, в том числе сведениях об остатках и движении денежных средств по счету, что подтверждается прилагаемой выпиской.

Относительно требования о предоставлении детализированных технических журналов (логов), включая IP-адреса, MAC-адреса устройств, сведения о браузерах (User-Agent), терминалах эквайринга и иные технические сведения, сообщаем следующее.

В соответствии со ст.96 Закона Республики Молдова №202 от 06.10.2017 о деятельности банков, Банк обязан обеспечить конфиденциальность находящихся в его распоряжении фактов, данных и информации, касающихся его деятельности, клиентов Банка, их счетов, остатков, оборотов, осуществленных операций и заключенных сделок, а также иной ставшей известной Банку информации о клиентах. Указанные сведения в соответствии с законом составляют банковскую тайну.

Вместе с тем согласно ст.97 Закона №202/2017 сведения, составляющие банковскую тайну, могут предоставляться в случаях и при соблюдении условий, предусмотренных данной статьей, в том числе по требованию самого клиента или его представителя, в той мере, в которой предоставление соответствующей информации оправдано целью, для которой она запрашивается.

Учитывая изложенное, положения о банковской тайне не рассматриваются Банком как основание для ограничения доступа клиента к информации о принадлежащих ему счетах и совершенных по ним операциях, которая в соответствии с законодательством подлежит предоставлению клиенту.

Вместе с тем запрашиваемые Вами внутренние технические журналы информационных систем Банка не тождественны выписке по счету либо информации о совершенных клиентом операциях. Такие журналы содержат внутренние технические сведения об архитектуре и функционировании информационных систем Банка, применимых средствах обеспечения информационной безопасности, а также сведения, относящиеся к иным лицам и операциям.

В связи с этим возможность и объем предоставления содержащихся в таких журналах сведений определяются с учетом характера конкретно запрашиваемой информации, цели ее запроса, требований ст.96-97 Закона №202/2017, требований законодательства о защите персональных данных и иной охраняемой законом информации, а также необходимости обеспечения безопасности банковских информационных систем.

При поступлении надлежащим образом оформленного запроса от уполномоченного законом государственного органа информация, имеющаяся в распоряжении Банка и подлежащая предоставлению в соответствии с законодательством, будет предоставлена в установленном порядке.

Относительно требования об инициировании процедуры Chargeback, сообщаем, что возможность оспаривания определяется отдельно по каждой конкретной карточной операции с учетом даты ее совершения, типа операции, заявленного основания оспаривания, применимых правил соответствующей международной платежной системы и предусмотренных ими сроков.

Для рассмотрения возможности оспаривания конкретных операций просим указать операции, которые Вы считаете несанкционированными, с указанием даты, суммы и наименования торговца согласно выписке по счету. Банк рассмотрит каждую такую операцию и возможность применения предусмотренной процедуры оспаривания в установленном порядке. Одновременно обращаем Ваше внимание, что в соответствии с действующими Тарифами на выпуск и обслуживание платежных карт за расследование претензий по операциям, осуществляется с

взиманием комиссии в размере 15 EUR за каждый спор (chargeback, pre-compliance). Комиссия подлежит оплате до подачи заявления на оспаривание в международные платежные системы. В случае возврата денежных средств по оспариваемой авторизованной операции Банк возвращает ранее удержанную комиссию.

Относительно изложенной Вами информации о предполагаемом несанкционированном доступе третьих лиц к учетным записям Google Drive, Gmail и иным сторонним цифровым сервисам сообщаем, что установление факта и обстоятельств компрометации учетных записей, администрируемых третьими лицами, находится вне технических возможностей Банка. Вместе с тем предоставленная Вами информация учитывается Банком при рассмотрении обстоятельств оспариваемых банковских операций в той мере, в которой она относится к их совершению.

В рамках проведенной проверки также были проанализированы указанные в обращениях карточные операции, включая имеющуюся информацию о торговцах, датах и суммах операций, их типе и способе обработки.

По результатам анализа выявлены операции, относящиеся к ранее оформленным подпискам/рекуррентным услугам. Согласно информации, имеющейся в системах Банка, указанные операции были обработаны в соответствии с параметрами, применимыми к данному типу операций.

Для обеспечения прозрачности результатов проверки настоящему ответу прилагается таблица с информацией о выявленных операциях по подпискам/рекуррентным услугам, выявленных после 12.11.2025 (в продолжение ответа, предоставленного под № 11096/Out от 20.11.2025).

Обращаем внимание, что при осуществлении рекуррентных платежей последующие списания могут не требовать отдельного подтверждения держателем карты, если соответствующая операция осуществляется в рамках ранее установленного механизма рекуррентных платежей.

В связи с этим отсутствие повторной аутентификации при последующей рекуррентной операции само по себе не является достаточным основанием для вывода о несанкционированном характере такой операции. Оценка каждой оспариваемой операции осуществляется с учетом ее типа, способа обработки и иной информации, имеющейся в распоряжении Банка.

Таким образом, по результатам проведенной проверки не подтверждается факт наличия на счете, блокировки либо последующего списания суммы 25.210.256,15 MDL указанной в Ваших обращениях. В отношении иных операций, процедура оспаривания может быть инициирована в соответствии с процедурой, указанной выше.

В случае возникновения дополнительных вопросов либо необходимости получения разъяснений по вышеуказанной информации Банк готов оперативно предоставить необходимую поддержку.
